Письмо

Dear Simon

Thank you for your letter. In your previous letter you asked me to tell you about my holidays.

I usually spend my holidays at home because I'm a bookworm. I also help my mother with our house chores. Sometimes I travel. I prefer to travel both with my friends and my family. I really enjoy their company. This summer for example we are going to visit my granny. My granny lives in Moscow. That's why I'm going to go sightseeing.

And what about your diving plans? Is it your first time or is it your hobby? Where are you going to dive? Are you going to dive alone or with someone else?

I must finish my letter now.

Best wishes

Sophia
